Important Notes

When reading this Fund Information Document, you should be aware of the following:

Key Investor Information Document (KIID)

Before making a decision to invest (including additional investments and/or switching into a new fund(s) and/or share class(es)) you should make sure you have received and read the latest version of the KIID for your chosen fund(s) and share class(es). The KIID should be read in conjunction with this SIF Fund Information Document as well as the Key Features Document and Terms and Conditions. You can obtain a KIID for your chosen fund(s) and share class(es) from your financial adviser or by calling our investments helpline on 03457 456 123. Lines are open from 8am to 6pm Monday to Friday (excluding public holidays in England). To help us continually improve our services and in the interests of security, we may monitor and/or record your communications with us. Any calls that may or do lead to a transaction will be recorded. We will keep these records for seven years. You can ask for a copy at any time during those seven years.

The KIIDs are provided for your information by the investment company administering the fund. HSBC Trust Company (UK) Limited is not responsible for the reliability or accuracy of the data provided by third parties.

Costs and Charges Disclosure Document

You should also make sure you have received and read the Costs and Charges Disclosure Document for your chosen fund(s) and share class(es). This document provides you with important information on the Costs and Charges for your chosen

fund(s). It is not marketing material. The information is required by law to help you understand the cost of investing. It is important that you read this document so you can make an informed decision about whether to invest.

Legacy and Clean Share classes

All investments you make will be placed into the relevant clean share class for your chosen fund(s). We do not accept any investments into legacy share classes.

Please note that if we receive a request to re-register legacy share class holdings into your SIF ISA Account we will instruct your previous provider to sell those holdings and transfer the value in cash. If we receive a request to re-register legacy holdings into your SIF Plan Account, we will reject the instruction and notify your previous provider accordingly. Alternatively, you may be able to arrange with your previous provider for your legacy share classes to be converted to clean share classes prior to re-registration.

Further details regarding legacy and clean share classes can be found under “What are legacy and clean share classes?” in the Key Features Document.

Account Fee

You will be charged an Account Fee for investing in funds through a Selected Investment Funds Account. Further details regarding the Account Fee can be found under “What are the Charges?” section of the Key Features Document and the “Charges” clause in the Terms and Conditions.
